Dear Mr. Sower:

Re: Status of Permit Review, 1989 NOI Permit Revision, Sevier Lake Project, M/027/008-89(1), Milard County, Utah

On January 9, 1989, the Division received your request to revise the approved Notice of Intention (NOI) for the Sevier Lake Project. This letter is forwarded to inform you of the current review status of the permit change application.

Due to unforeseen circumstances, we will not be able to complete the review of your application within a 30-day timeframe. The technical review is in progress and should be finished by the end of February. Please contact me at your earliest convenience if this time projection will cause significant conflicts with your proposed scheduling.

I apologize for any inconvenience that this delay may create. Thank you for your patience and understanding.

Sincerely,

D. Wayne Hedberg
